

ANSER U2 Standard

**Coding and Marking
Made Simple**

The ANSER U2 Printer Series is the world's smallest inkjet printing system.

Designed around Hewlett-Packard® technology, the U2 series can optimize the efficiency of a production line while cutting operation costs.

The U2 series, mobile and stationary, delivers superior packaging printing performance at an amazing low cost. Double efficiency by using on both primary and secondary packaging. Porous, semi-porous, and non-porous substrate inks available.

Versatile Printing Capabilities

Print up to ten lines of text, custom logos, and barcodes on corrugate, plastics, HDPE, LDPE, PET, PVC, steel, wood and more!

Message Creation Software

Create and store up to 999 messages with included software. Upgrade and back up data in minutes with built-in SD card slot.

Printing Features

- Variable DPI: 100-600 resolution
- Built in photocell
- Printing Capabilities
 - Text
 - Barcodes (10 standard included)
 - Logos/Graphics
 - Counters
 - Expiration Date
 - Date/time, Shift, and Lot-box codes
 - 10 Lines of Print: 0.5" height max.

Stationary Printer Design

- 4.5 x 3.0 x 2.4 inch (H/W/D)
- 0.49 kg (1.08 lbs.)
- 4 in 1 sandwich design
- Complete stand alone unit
- Mounting brackets included
- 2.8-inch LCD, full color, display screen
- Digital menu selection
- Anti-shock Mechanism
 - Eliminates unexpected damage
 - Protects printhead
 - Auto-corrects printer placement

Mobile Printer Design

- 1 kg (2.21 lbs)
- Complete stand alone unit
- Locking storage case included
- 2.8-inch LCD, full color, display screen
- Digital Menu Selection
- Long lasting batteries (2)
 - Continuous printing for 7 hours
 - Stand-by for 9 hours
 - Rechargeable with 300 cycles
 - Charge and Print at same time

Hewlett-Packard® Ink Cartridge

- "Hot Swap" Plug-n-Print Technology
- No downtime or maintenance
- Variety of Ink Selections
 - Porous
 - Semi-Porous
 - Non-porous

Security Features

- SD Card Slot Design
 - Easy upgrades
 - Effective data backup
 - Control message creation
- Indicators: Alarm, Ink Low, Print, Run, Remote
- Multi-level password protection

Remote Keypad

- Pocket Sized
- User-friendly operation
- One controller to multiple printers

Specifications

- Languages
 - English, Chinese, Japanese, French, German, Spanish, Portuguese, Russian
- Conveyor Speed
 - 187 ft/min. at 400 DPI
- Message Storage
 - Store up to 999 messages on SD card
 - SD card acts as data backup device
- Power Supply
 - AC 100V~240V, 50/60Hz, 1.6A
 - Max. power consumption: 60 watts
